REQUIREMENTS FOR PREQUALIFICATION OF BIDDERS

Article 1. Prequalification Procedures

Notice is hereby given that the City of Brawley (OWNER) has determined that certain specialty wet play subcontractors on **ALYCE GEREUX PARK IMPROVEMENTS** to be undertaken by OWNER must be pre-qualified prior to submitting a Bid on that Project.

It is mandatory that specialty wet play subcontractors prequalify for the following:

- 1) Wet Play Construction
- 2) Wet Play Deck Construction

Specialty wet play subcontractors shall fully complete the specialty construction qualification statement, the prequalification questionnaire, and provide all materials requested herein, and be approved by OWNER to be on the final specialty wet play subcontractor qualified list. No Bid will be accepted from a specialty wet play subcontractor that has failed to comply with these requirements.

The last date to submit a fully completed prequalification statement and questionnaire is **December 30, 2015 at 2:00PM**. Specialty wet play subcontractors are encouraged to submit prequalification packages as soon as possible so that they may be notified of omissions of information to be remedied or of their prequalification status in advance of the Bid advertisement for this Project.

Answers to questions contained in the attached questionnaire with accompanying notes and supplemental information are required. OWNER will use these documents as the basis of rating each specialty wet play subcontractor. OWNER reserves the right to check other sources available. OWNER's decision will be based on objective evaluation criteria.

OWNER reserves the right to adjust, limit, suspend or rescind the pre-qualification rating based on subsequently learned information. Specialty wet play subcontractors whose rating changes sufficient to disqualify them will be notified, and given an opportunity for a hearing consistent with the hearing procedures described below for appealing a prequalification rating.

While it is the intent of the specialty wet play construction qualification statement, the prequalification questionnaire, and documents required therewith to assist OWNER in determining Bidder responsibility prior to Bid and to aid OWNER in selecting the lowest responsible Bidder, neither the fact of prequalification, nor any prequalification rating, will preclude OWNER from a post-Bid consideration and determination of whether a Bidder has the quality, fitness, capacity and experience to satisfactorily perform the WORK, and has demonstrated the requisite trustworthiness.

The prequalification packages should be submitted under seal and marked "CONFIDENTIAL – ALYCE GEREUX PARK PROJECT PREQUALIFICATION ENCLOSED" to the attention of: Alma Benavides. Faxed, emailed, or other electronic submittal will be rejected and returned to specialty wet play subcontractor without review.

The prequalification packages submitted by specialty wet play subcontractors are not public records and are not open to public inspection. All information provided will be kept confidential to the extent permitted by law. However, the contents may be disclosed to third parties for purpose of verification, investigation of substantial allegations or in the appeal hearing. State law requires that the names of specialty wet play subcontractors applying for prequalification status shall be public records subject to disclosure, and the first page of the qualification statement will be used for that purpose.

Each qualification statement and the prequalification questionnaire must be signed under penalty of perjury in the manner designated at the end of the form, by an individual who has the legal authority to bind the specialty wet play subcontractor on whose behalf that person is signing. If any information provided by a specialty wet play subcontractor becomes inaccurate, the specialty wet play subcontractor must immediately notify OWNER and provide updated accurate information in writing, under penalty of perjury.

OWNER reserves the right to waive minor irregularities and omissions in the information contained in the specialty construction qualification statement and the prequalification questionnaire submitted to make all final determinations, and to determine at any time that the prequalification procedures will not be applied to a specific future public works project.

Specialty wet play subcontractors may submit prequalification packages during regular working hours on any day that the offices of OWNER are open. Specialty wet play subcontractors who submit a complete prequalification package will be notified of their qualification status no later than twenty (20) business days after submission of the information.

OWNER may refuse to grant prequalification where the requested information and materials are not provided, or not provided by December 30, 2015. There is no appeal from a refusal for an incomplete or late application, but re-application for a later project is permitted.

Where a timely and completed application results in a rating below that necessary to prequalify, an appeal can be made. An appeal is begun by the specialty wet play subcontractor delivering notice to the City Clerk of its appeal of the decision with respect to its prequalification rating, no later than five (5) business days after notification of an unsuccessful prequalification determination is sent. Without a timely appeal, the specialty wet play subcontractor waives any and all rights to challenge the decision of OWNER, whether by administrative process, judicial process or any other legal process or proceeding.

If the specialty wet play subcontractor gives the required notice of appeal and requests a hearing, the hearing shall be conducted so that it is concluded no later than ten (10) business days after the appeal notice is received. The hearing shall be an informal process conducted by a hearing officer appointed by the City Manager. At or prior to the hearing, the specialty wet play subcontractor will be advised of the basis for OWNER's prequalification determination. The specialty wet play subcontractor will be given the opportunity to present information and present reasons in opposition to the rating. Within (1) one day after the conclusion of the hearing, the hearing officer will render his/her decision.

Note: A specialty wet play subcontractor may be found not pre-qualified for bidding on a specific public works contract to be let by OWNER, or on all contracts to be let by OWNER until the specialty wet play subcontractor meets CITY's requirements. In addition, a specialty wet play subcontractor may be found not pre-qualified for either:

- (1) Omission of requested information or
- (2) Falsification of information
